State Entity: Department of Corrections

Electronic Request for Information ("eRFI")

Event Name: Modular Correctional Buildings

eRFI (Event) Number: GDC0001150

1. Introduction

1.1. Purpose of Solicitation

This electronic Request for Information ("eRFI") is being issued to solicit information from interested suppliers with respect to modular correctional building solutions for the Georgia Department of Corrections (hereinafter, "the State Entity") as further described in this eRFI. The State Entity will use the information generated by this eRFI in conjunction with other information available to the State Entity to determine the solution that it is in the best interests of the State Entity to fulfill this need.

The Georgia Department of Corrections (GDC) is seeking a proven turnkey modular correctional buildings solution that can be used at multiple GDC facilities as maximum-security correctional housing units and as correctional medical buildings as a faster and less expensive alternative to the traditional design and build process. The modular buildings must be designed and manufactured using the same standards as a traditional permanent correctional building and meet all applicable building codes. GDC's expectation is that the modular buildings would be manufactured off-site at the supplier's facility and then transported in partially completed segments to the designated GDC facility and installed at the prepared site within the perimeter of the GDC facility. For maximum-security correctional housing units, GDC is seeking a solution that allows for cells that can accommodate up to two offenders per cell. For correctional medical buildings, GDC is seeking a solution that provides multiple exam rooms, at least one secured pharmaceutical room, at least one medical records room that is secured by at least two doors, a room for dental and/or optometry services, at least one radiology laboratory, a physical therapy room and a negative pressure room. All buildings must support the use of modern correctional security measures such as electronic locking systems and video surveillance systems. GDC prefers a correctional building solution that includes complete electronic locking systems and video surveillance systems in the final delivered product but that allows for GDC to select the electronic locking system and video surveillance system utilized to ensure compatibility with existing GDC systems.

1.2. Overview of the eRFI Process

The objective of the eRFI is to gather information to assist the State Entity in its consideration of available resources/methods to fulfill the need/goal identified above. The eRFI method is not a competitive solicitation method and, as a result, does not satisfy the requirement for competitive bidding. The eRFI method is no more than an information gathering tool and such information gathered may or may not be used by the State Entity to develop a competitive solicitation. Suppliers are not required to respond to an eRFI and a supplier's failure to respond to an eRFI will not prohibit the supplier's participation in any competitive solicitation that may result from the eRFI. However, suppliers are strongly encouraged to respond to eRFIs as this is a great way to ensure the State Entity is aware of the suppliers' available goods and services.

1.3. Schedule of Events

The schedule of events set out herein represents the State Entity's best estimate of the schedule that will be followed. However, delays to the procurement process may occur which may necessitate adjustments to the proposed schedule. If a component of this schedule, such as the close date, is delayed, the rest of the schedule may be shifted as appropriate. Any changes to the dates up to the closing date of the eRFI will be publicly posted prior to the closing date of this eRFI. After the close of the eRFI, the State Entity

reserves the right to adjust the remainder of the proposed dates on an as needed basis with or without notice.

2.2.2. eRFI Review

The eRFI (or “Event”) consists of the following: this document, entitled “The State Entity eRFI Document”, any and all information included in the Event, as posted online on Team Georgia Marketplace™, including questions and instructions, and any and all documents provided by the State Entity as attachments to the Event or links contained within the Event or its attached documents.

Please carefully review all information contained in the Event, including all documents available as attachments or available through links. Any difficulty accessing the Event or opening provided links or documents should be reported immediately to the Issuing Officer (See Section 1.4) and/or the Help Desk (Section 2.2.8). Attached documents may be found as follows:

1. First, the State Entity will provide documents at the “header” level of the Event. Please select “View/Add General Comments & Attachments”, which appears at the top of the screen of the Event under the “Event Details” Section. Next, by selecting “View Event Attachments”, the supplier may open and save all of the available documents. In this location, the supplier is most likely to find this document as well as any worksheets. Please thoroughly review all provided Event Attachments.
2. Second, the State Entity may also provide documents in the section of the Event entitled “eRFI Questions”. To the right of each question appearing under the eRFI Questions section, the Event contains an icon (appears as a bubble with text). By selecting this icon, the supplier will navigate to a new page of the Event. On this new page the supplier can locate attached documents.

Please thoroughly review all provided attachments. For additional information regarding the use of Team Georgia Marketplace™, please utilize the online resources provided in Section 2.2.1 of this eRFI.

2.2.3. Preparing a Response

As noted earlier, Team Georgia Marketplace™ allows the supplier to answer questions by entering text and numeric responses. In addition, as noted in Section 2.2.4 “Uploading Forms”, the supplier may also provide information by uploading electronic files. When preparing a response, the supplier must consider the following instructions:

1. The supplier must ensure its response is accurate and readily understandable.
2. The supplier must label any and all uploaded files using the corresponding section numbers of the eRFI or any other logical name so that the State Entity can easily organize and navigate the supplier’s response.
3. The supplier must use commonly accepted software programs to create electronic files. The State Entity has the capability of viewing documents submitted in the following format: Microsoft Word or WordPad, Microsoft Excel, portable document format file, and plain text files with the file extension noted in parentheses (.txt). Unless the eRFI specifically requests the use of another type of software or file format than those listed above, please contact the Issuing Officer prior to utilizing another type of software and/or file format.
4. The supplier must save its response until the supplier is ready to submit its bid. Select the “Save for Later” button at the top of the page under “Event Details” of the Event.

2.2.4. Uploading Forms

Once the supplier is ready to upload electronic files (completed forms or worksheets, product sheets, etc.), please following the directions within the eRFI to upload these documents in the proper location. There are two places to upload completed documents:

1. First, the “View/Add General Comments & Attachments” link contains a place for the supplier to upload all of the documents and worksheets which were provided by the State Entity under the “View Event Attachments” link. Once the supplier has completed the Event Attachments, the supplier can then select “Add New Attachments” to upload the completed documents. The supplier can upload as many documents as necessary in this section of the Event.
2. Second, the supplier can also upload documents by selecting the comment bubble icon, which appears to the right of each eRFI question.

2.2.5. Reviewing the Response Prior to Submission

During the time period allowed for preparing the response, neither DOAS nor the State Entity can view what information or documents are being added by the registered user. In other words, the State Entity cannot know whether the supplier’s response is correct or complete until after the eRFI has closed. Therefore, each supplier is responsible for ensuring all questions have been answered appropriately and that all necessary documents have been uploaded.

2.2.6. Submitting the Completed Response/Bid

Once the completed response has been reviewed by the supplier, click the "Submit Bid" button at the top of the page under the “Event Details” section of the Event. Please note that submission is not instantaneous; therefore, each supplier must **allow ample time for its response to be submitted prior to the deadline.**

2.2.7. Reviewing, Revising or Canceling a Submitted Response

After the response has been submitted, the supplier may view and/or revise its response by logging into Team Georgia Marketplace™ and selecting the eRFI event number and the “View/Edit” feature for the supplier’s previous response. Please take note of the following:

1. REVIEW ONLY. In the event the supplier only wishes to view a submitted response, the supplier may select “View/Edit”. Once the supplier has finished viewing the response, the supplier may simply exit the screen. **DO NOT SELECT “Save for Later.”** Team Georgia Marketplace™ recognizes any response placed in the “Save for Later” status as a work in progress and withdraws the originally submitted bid. As a result, unless the supplier selects “Submit” prior to the closing date and time, no response will be transmitted to the State Entity.
2. REVIEW AND REVISE. In the event the supplier desires to revise a previously submitted response, the supplier may select “View/Edit” and then revise the response. If the revisions cannot be completed in a single work session, the supplier should save its progress by selecting “Save for Later.” Once revisions are complete, the supplier **MUST** select “Submit” to submit its corrected response. Please permit adequate time to revise and then resubmit the response. Please note submission is not instantaneous and may be affected by several events, such as the supplier temporarily losing a connection to the Internet.

PLEASE USE CAUTION IN DECIDING WHETHER OR NOT TO MAKE REVISIONS. The State will assume no responsibility for a supplier’s inability to correct errors or otherwise make revisions to the submitted response prior to the eRFI end date and time.

3. WITHDRAW/CANCEL. In the event the supplier desires to revise a previously submitted response, the supplier may select “View/Edit” and then select “Save for Later”. Team

Georgia Marketplace recognizes any response placed in the “Save for Later” status as a work in progress and ***withdraws the originally submitted bid***. As a result, unless the supplier selects “Submit” prior to the closing date and time, no response will be transmitted to the State Entity.

2.2.8. Help Desk Support

For technical questions related to the use of Team Georgia Marketplace™, suppliers have access to phone support through the DOAS Customer Service Help Desk at 404-657-6000, Monday through Friday 8:00 AM to 5:00 PM excluding State Holidays or any other day state offices are closed such as furlough days or closings in response to inclement weather. Suppliers can also email questions to: ProcurementHelp@doas.ga.gov.

3. Requested Information

Interested suppliers shall review and provide responses to the questions contained in Attachment B – Offender Mail Solutions eRFI Questions Worksheet.
