PROPOSED SERVICES

Software Support Agreement (SSA): ☒ **Included** ☐ **Excluded**

The Software Support Agreement provides access to product manufacturer firmware and software updates, which helps keep systems operating with the latest software and secured with the latest patches. It also provides access to the product manufacturer technical support team if technical support is required for system troubleshooting. **Labor associated with applying firmware and software updates is not included, and requires the PPM option, below.** This option does not include any computer operating system updates or any software or system upgrades.

Password and Patch Management (PPM): ☐ **Convergint** ☒ **Customer**

Password Management:

Default, weak, and reused passwords pose a significant vulnerability to your security systems. Convergint offers unique password management solutions to protect your systems from compromise. By setting unique passwords on each system and site, we not only protect your security systems, but we also protect access to connected networks. Convergint utilizes an industry-leading password management system with 256-bit AES encryption to help ensure that each system has unique, highly complex passwords that restrict access according to the principles of least privilege. Additionally, there is no integration or direct connection between the database of passwords and on-premises systems.

Software and Firmware Maintenance:

Convergint periodically provides software updates and patches to help maintain your systems in accordance with manufacturers' recommendations and operating with the latest features, fixes, and vulnerability patches. Firmware, which controls the operation of network-connected devices, is also maintained in accordance with manufacturers' recommendations. Our specialists will install any compatible software and firmware patch releases to the system at the time of password change to help ensure system functionality and security. Systems and frequencies are identified in the Scope of Work section of this proposal.

Limitations:

Please note that this offering does not include “user” passwords or settings and only covers specific security system devices. If the customer is self-performing PPM, please review the *Cybersecurity Services Coverage* page in this proposal.

IMPORTANT NOTICE

You requested that Convergint provide you with certain security and safety products and services. By using these products and services, you acknowledge that:

- **Under no circumstances should Convergint-provided products and services be your sole method of security or safety.** Effective security and safety require a multi-layered approach involving people, processes, and technologies. Convergint-provided products and services do not guarantee security or safety, will not detect or prevent all threats or risks all the time (including threats they are designed to detect), and will not ensure overall safety and security. You are ultimately responsible for your people, premises, and property, including for maintaining an effective response plan and promptly implementing your response plan in response to alarms or threats.
- **All security products and services have limitations.** No product or service can guarantee safety or security. It is your responsibility to ensure you are informed about product or service limitations and that you regularly test and validate the products and safety plans. Reach out to your Convergint account executive to learn how our support services can help. And if you have a service plan, you are responsible for promptly notifying Convergint in the event of any defect, malfunction, or performance issue with the products and services.
- **Various factors can impact product performance.** Selecting products and settings may involve tradeoffs between the level of security and safety on the one hand and speed, convenience, and cost on the other hand. Convergint can give you guidance, but you are ultimately responsible for selecting products and settings based on your organization's risk profile and tolerance.
- **The products are made by third-party manufacturers, not Convergint.** You are bound by and must use, test, and maintain the products in accordance with the manufacturer's terms and instructions. Convergint does not independently validate the accuracy of claims or statements made by manufacturers, and makes no assurances regarding their accuracy. You are responsible for using the products and services in compliance with laws and regulations applicable to you or as permitted in your jurisdiction.
- **All products and services are governed exclusively by a final agreement.** No advertisement, literature, brochure, website, or statements made during the sale process or otherwise (whether orally or in writing) should be interpreted as a promise, warranty, or other assurance.

SECTION 1. THE SERVICES

This Agreement takes precedence over and supersedes all prior proposals, correspondence, and oral or written agreements or representations relating to the services set forth in the accompanying Proposal ("Services") and, subject to any changes or addendums, represents the entire agreement between Convergint and Customer. This Agreement applies to the exclusion of any other terms that the Customer seeks to impose or incorporate (such as Customer's purchase order form) which are in addition to or inconsistent with the terms and conditions of this Agreement, or which are implied by trade, custom, practice or course of dealing, all of which are deemed expressly rejected and will not be binding.

This Agreement is made without regard to compliance with any special sourcing and/or manufacturing requirements, minority or disadvantaged supplier requirements, or similar government procurement laws. Should such requirements be applicable to this Agreement, Convergint reserves the right to modify and/or withdraw its Agreement.

Customer understands that Convergint is an authorized distributor or reseller and not the manufacturer or developer ("OEM") of software, hardware and equipment (collectively, "Third Party Products") being maintained under this Agreement.

This Agreement assumes the systems and Third Party Products covered are in maintainable condition. If repairs are found necessary upon initial inspection by Convergint, a separate proposal for repair will be submitted for approval. Should this separate proposal be declined, all non-maintainable items will be removed from this Agreement and the CSP Costs adjusted accordingly.

Customer agrees at no cost to Convergint:

a. To provide access to all areas of the site for the equipment identified in and/or relating to the List of Covered Equipment (as specified in the accompanying Proposal);
b. To supply suitable electrical service as required by Convergint;
c. To remove site obstacles and job safety hazards; and
d. That in the event of any emergency or systems failure, reasonable safety precautions will be taken by Customer to protect life and property during the period from when Convergint is first notified of the emergency or failure and until such time that Convergint notifies the Customer that the systems are operational or that the emergency has cleared.

It is understood that repair, replacement and emergency service provisions apply only to the systems and Third Party Products covered by this Agreement and identified in the Agreement. Repair or replacement of non-maintainable parts of the systems such as, but not limited to, unit cabinets, insulating materials, electrical wiring, structural supports and other non-moving parts, are not included in this Agreement.

In the event that the systems or Third Party Products included in this Agreement are modified, repaired, have a peripheral device attached to them, or are adjusted (hardware or software) by someone other than a Convergint representative after the Start Date of this Agreement (hereinafter "Modification Event"), Convergint shall have the right to exercise any or all of the following options in response to this Modification Event:

a. Require that the systems or Third Party Products impacted by the Modification Event be subject to reacceptance testing by Convergint;
b. Require removal of the equipment impacted by the Modification Event from the scope of this Agreement, so that the Services hereunder will not apply to such equipment;
c. Require termination of this Agreement upon thirty (30) days' notice to Customer, at Convergint's option.

THE SERVICES AND/OR THIRD PARTY PRODUCTS ARE DESIGNED TO HELP REDUCE, BUT NOT ELIMINATE RISKS OF LOSS RELATING TO PEOPLE, PREMISES, OR PROPERTY. THE AMOUNTS BEING CHARGED BY CONVERGINT ARE NOT SUFFICIENT TO GUARANTEE THAT LOSS OR DAMAGE WILL DECREASE OR BE ELIMINATED. Customer acknowledges that proper safety and security requires a multi-layered approach of people, processes, safety, and technologies. The Services, including Third Party Products, provided by Convergint are not sufficient to ensure overall safety and security. Customer acknowledges and agrees that it is responsible for its overall safety and security, including testing and maintenance of the Third Party Products (except to the extent contracted to Convergint by written agreement) and training of its personnel. Customer acknowledges and agrees that it has a duty of care and is solely responsible for its compliance with applicable laws, rules, and regulations, including but not limited to export and re-export restrictions and regulations, privacy and data protection regulations, applicable OEM instructions, terms and conditions, EULAs, and proper product usage.

Risk of loss, including any materials comprising the Services, shall pass to Customer as the materials are incorporated at Customer's site subject to any end user license agreements. If materials are earlier stored on Customer's site pursuant to agreement between Customer and Convergint, risk of loss with respect to such materials shall pass to Customer upon delivery to Customer's site.

Applicable to Monitoring Services Only: If Monitoring Services are identified in the Proposal, the parties agree that (a) these Terms and Conditions are not applicable, and (b) Monitoring Services are governed by the Monitoring Services Terms and Conditions effective on the Effective Date of the Proposal and available at https://www.convergint.com/terms, which is incorporated by reference as if set forth herein in full. "Monitoring Services" is defined as "Services" in the Monitoring Services Terms and Conditions.

SECTION 2. TERM

This Agreement will commence on the Services start date ("Start Date") and continue for the period of time specified in the accompanying Proposal ("Initial Term"). At the end of the Initial Term, this Agreement will renew automatically for successive terms of one year ("Renewal Term" and together with the Initial Term, the "Term"). Either party may terminate this Agreement by giving the other party no less than thirty (30) days written notice prior to the expiration date of the Initial Term or the then current Renewal Term.

SECTION 3. PRICING

Pricing and amounts proposed shall remain valid for 30 days unless otherwise specified. Customer shall reimburse Convergint costs incurred in collecting any amounts that become overdue, including attorney fees, court costs and any other reasonable expenditure.

SECTION 5. WARRANTY

SECTION 6. CHANGES

If Customer orders (i) any changes to the Services (e.g. change in objective, deliverables, tasks or hours), (ii) changes to schedule (e.g. frequency of visits), or (iii) causes any material interference with Convergint's performance of the Services, Convergint shall be entitled to an equitable adjustment in the time for performance and in the CSP Costs, including a reasonable allowance for overhead and profit.

SECTION 7. FORCE MAJEURE

Neither Customer nor Convergint shall be liable for any delay or failure in the performance of their respective obligations pursuant to this Agreement due to circumstances beyond their reasonable control ("Force Majeure") and without the fault or negligence of the party experiencing such delay.
