

TRANSFER OF PHARMACY DATA FROM EBS TO CORRECT RX

The purpose of this document is to memorialize the understanding between and among the parties as it relates to patient health information (PHI)/HIPAA for the transfer of a copy of current pharmacy records of Georgia Department of Corrections (GDC) offenders to Correct Rx Pharmacy Services, Inc. (Correct Rx). GDC currently possesses and owns the pharmacy record. GDC will continue to possess and own their pharmacy record.

Currently, Georgia Correctional Healthcare (GCHC) provides medical and pharmacy services. As part of GCHC's agreement with GDC, GCHC provides a pharmacy operating software system (EBS), which in part, creates and maintains prescription records. All EBS pharmacy records are the property of GDC.

Correct Rx was selected as GDC's new pharmacy service provider. GDC desires that a copy of the current pharmacy record be provided to Correct Rx from GCHC via EBS for the purpose of continuity of care and patient safety. All records will remain and continue to be the property of GDC.

Attached hereto is the Business Associates Agreement between GDC and Correct Rx.
